NEWS FROM TROPICO

NEW ARRIVAL FROM EAST—TROPICO WOMEN HONORED—OTHER ITEMS

Mrs. S. H. Hapgood arrived from her home in Boston, Mass., the first of the week and will reside here permanently as the guest of her daughter-in-law, Mrs. Della Hapgood, of Tropico avenue. With the arrival of Mrs. S. H. Hapgood and the birth of Katherine Spear, daughter of Mr. and Mrs. Fred Spear, there are now five generations of the Hapgood family in Tropico.

Mrs. Mayme Pollock, president, and Mrs. Dora Pixley, past president of N. P. Banks' Woman's Relief Corps, have been honored by the department of California and Nevada of the W. R. C. by being appointed as aids on the staff of Mrs. Lou Tripp, department president.

Mrs. William Hartwig and daughter, Miss Helen Hartwig, are spending the day in Long Beach attending a picnic of former residents of Indianapolis, Indiana. Miss Florence Chandler is the guest of Mrs. Hartwig and Miss Hartwig.

Visor lodge, Knights of Pythias, held a special meeting Wednesday to initiate two candidates. This local organization is striving hard to win the banner that will be given Monday night at the annual contest.

Mrs. Charles Millard Turck very charmingly entertained the Tropico Auction Bridge Club at her home on Glendale avenue Tuesday. The club guests included Mrs. A. L. Lewis of Glendale and Mrs. W. C. Maury. The latter received the highest score.

Dr. and Mrs. A. O. Conrad motored to Newhall Sunday for the day, returning Mrs. Rose Conrad and Miss Norma Conrad accompanied them and have been spending the week as their house guests.

Mrs. and Mrs. W. B. Pratt of Glendale avenue, accompanied by Mrs. Hartley Shaw, Misses Evelyn, Dorothy and Master Lucien Shaw, were the guests of Mr. and Mrs. Jens Askelund of Burbank Tuesday.

Owing to illness, Mrs. Myra C. K. Shuey will be unable to leave on her summer vacation trip, which will be spent at Eugene, Oregon, until next week.

Mr. and Mrs. J. W. Usilton will motor to San Diego the latter part of the week for a pleasant outing and sojourn in the southern city.

POLITICAL CRITICISM

To a man who is not high up in political party schooling, there are at times amusing incidents.

A communication from national Republican headquarters is headed: "A Rural Vacation." The words that follow are: "The Wilson administration's latest remedy for the workman out of a job—go to Kansas and Missouri." The discussion follows thus:

A "rural vacation" is the Wilson administration's latest proposed plan for the thousands of workmen who have been thrown out of employment by the general industrial depression. For a while Mr. Wilson said the general slump which followed the passage of the Democratic tariff law was merely "psychological." Now through Secretary Wilson of the department of labor the administration admits there are men who need work. The way for them to get it, says the secretary, is to go to Kansas and Missouri and work in the harvest fields.

Skilled workmen in the iron and steel industry, out of employment by reason of the Democratic tariff law opening American markets to the products of cheap foreign labor, say it is not a "rural vacation" they want, but a chance to stay with their families and support them, which the present industrial condition has made it impossible for them to do.

No rush for Wilson's popular excursion to the Kansas harvest fields has been reported, as yet.

An honest follower of Teddy Roosevelt says, "If you Republicans had kept your senses and not voted for Wilson two years ago, he would not have the chance now to invite mechanics to spend a vacation in the Kansas and Missouri harvest fields."

Mrs. Chas. H. Toll, Mrs. J. F. Padelford, Mrs. Chas. E. Hutchinson and Dr. Jessie A. Russell, all of Glendale, motored to Sycamore grove on Tuesday to attend the first district of California Congress of Mothers' picnic luncheon, which was followed by speeches and an interesting program.

THE MARY HOWARD GRIDLEY SHAKESPEARE CLUB IS FORMED

City Manager T. W. Watson, Mayor O. A. Lane and City Engineer E. M. Lynch were present at the meeting of the County Flood Control Association held in Blanchard hall, Los Angeles, Wednesday. A permanent organization was formed and the supervisors were called upon to take immediate steps for carrying out the plans formulated.

More than two hundred delegates were present, representing eighty different organizations, including all the larger cities of the county, chambers of commerce, boards of trade, railroads and other large corporations interested.

R. W. Pridham, chairman of the board of supervisors, was elected president of the association; A. W. Fry of the Hynes-Clearwater district, vice-president; H. C. Hubbard of San Fernando, treasurer, and A. M. McPherson, clerk of the board of supervisors, secretary.

It is the belief of the association, according to the resolution adopted, that the control of the waters should be vested in a centralized authority and should be in accordance with a comprehensive plan embracing the entire county. This plan, it is declared, should include consideration of such essential physical features as prevention of overflow and erosion and reduction of the silts and debris, maintenance of underground water supplies, construction of small mountain reservoirs and co-operation in protecting the forest cover in the mountains against fire and also by reforestation in the mountains.

Cost of this work, it is argued, should be distributed according to benefits, to civil divisions of the government and private interests, and should include the federal government, the state and the county. The county is advised to conduct a careful investigation for the purpose of preparing bills for submission to congress and to contribute from its funds for carrying on the work. A tax to be imposed by the supervisors also is recommended.

Near the canyon mouths the resolution further advocates ample publicly-owned areas should be provided on which the flood waters should be held and spread by an organized public effort. The cost of these main flood channels should be widely distributed.

An immediate survey is requested of the supervisors in the hope of defining the necessary rights of way for flood channels, including the protection of the harbors; for areas on which flood waters should be spread for absorption and for determination of available reservoir sites for storage purposes.

The resolution is signed by Percy H. Clark, chairman of the committee on resolutions, and H. Hawgood, T. P. Lukens and Levi Carse.

ARRIVALS FROM BLUE GRASS

The Misses Bertha and Elizabeth Jackson arrived in Glendale Tuesday from Danville, Kentucky, and will continue to reside with their parents, Mr. and Mrs. J. H. Jackson at 1416 Mifflin street. These ladies were only four days in making the trip from their former Kentucky home. J. H. Jackson came to Glendale from Kentucky about four months ago. After being here a month he engaged in the furniture business at 918 West Broadway.

ENDEAVOR SOCIETY OFFICERS TO BE INSTALLED SUNDAY

At a meeting of the Christian Endeavor society of the Congregational church, the regular semi-annual election of officers was held, the following officers being elected:

President, Miss Mabel Galey.

Vice-president, Miss Flora Bates.

Secretary, Miss Goldthwaite.

Treasurer, P. Frazier Dilley.

Lookout chairman, Ruby Farnsworth.

Prayer meeting chairman, Ethel Preston.

Social meeting chairman, Marian Lane.

Missionary meeting chairman, Hazel Tyler.

Flower meeting chairman, Miss Schroeder.

The installation of officers will take place at the regular church service next Sunday evening.

After the business meeting was over, everyone present enjoyed a social time and ice cream and cake were served.

Mr. and Mrs. R. Bailey and daughter of Salem street will enjoy the month of July at Coronado Beach.

ONLY TWO CORRECT ANSWERS SUBMITTED—ENTHUSIASM WAXES STRONGER

Interest in the missing word contest waxes stronger each succeeding day. Wednesday C. H. Henry's ad contained, or to be correct did not contain, the missing word. The ad was handed in by Mr. Henry read as follows:

FOR SALE OR EXCHANGE

Beautiful homesites in foothills near Glendale Ave., Tropico. Fancy fruit and shade trees; small residence; over two acres in grounds; only two blocks from car line. Has to be seen to be appreciated. For particulars see C. H. Henry, corner Maple and Brand. Phone Sunset 1071 or 913W.

The word "foothills" was omitted from the ad as published.

The first answer submitted contained the correct word and the first prize of \$2.00 savings account at the Glendale Savings Bank was won by Raymond Osgood of 576 West Broadway. The second correct reply came in at 6:35 this morning and the second prize of \$1 cash goes to Mrs. Joseph Griffin of 133 West Acacia avenue, Tropico. Only two correct answers were received. Some of the other replies were: "Tract," "exchange," "close," "good locality," "Watts" subdivision," "suburb," etc.

The third prize was awarded to Donald Snow, who first submitted the word "tract."

ONLY A MAN'S OPINION

How apt we are to count our opinion of great importance. We happen to think along a certain line, and then we get set in our opinion, believing that nobody has a right to express views on any subject only ourselves.

There has been never yet made an instrument of any kind that has the power to determine the intentions of a man's heart. Every man is a walking mystery. The man of great pretensions often turns out to be a hypocrite, "a wolf in lamb's clothing," and sometimes the man who appears on the exterior to be rough in manners, proves to have a sympathetic heart and is a true gentleman. Fine clothes and a college education do not count for much when it comes to preparing a man for good citizenship. Book knowledge often leads a man away from the straight and narrow path.

Men are wanted in this age who will express their honest convictions, and for at least two consecutive days hold the same opinion.

DISTINGUISHED EASTERNER TO ARRIVE FRIDAY

Dr. Joseph Lane Hancock, a noted and eminent physician and entomologist, together with Mrs. Hancock and their daughter, Miss Margaret Hancock, are expected to arrive from Chicago tomorrow for a two months' visit in California. During their sojourn in the Southland these travelers will be guests in the home of Dr. Hancock's sister, Mrs. William Harvey, Jr., 151 West Tropico avenue.

NOT A BARBECUE

Glendale correspondents to city papers as usual wishing to give a bright color to their news items, published that Glendale would give a barbecue dinner to the public today, Thursday. That was good news, but the disappointment came when autoload after autoload drove up and down the streets looking for the place where the big barbecue was being served.

It is unfortunate that anyone put before the public these unreliable reports. The merchants arranged to furnish a substantial luncheon for the boys who assisted with clean-up work this forenoon, but so far as making any preparations to serve a barbecue to the public, there was never any talk of that.

ADVERTISE GLENDALE

On Saturday, June 20, the Evening News published a special edition on account of the closing of the school. The publisher mailed a number of copies to friends in the East. Several of the recipients of these copies have commented very favorably upon the contents of the paper, and expressed their opinion as to Glendale's good educational facilities. We have several dozen of these papers left that we will sell at five cents each. If you are a Glendale booster invest a few cents in the purchase of papers and mail them to your friends.

Mr. T. J. Keleher of 228 North Louise street has just returned from a business trip through the Imperial valley.

HALF-HOUR SERVICE INSTALLED THIS MORNING—EAST SIDE RESIDENTS JUBILANT

The first Pacific Electric cars passed over the tracks on Broadway between Brand boulevard and Glendale avenue early this morning. The service is every half hour. The residents along Broadway were out waving hats, brooms, dishpans, etc., to show their approval of the increased accommodation in car service.

It will require a few days for the people in the eastern part of the city to familiarize themselves with the new convenience.

Everything is in readiness for the very modest demonstration which will take place at 4 o'clock this afternoon in front of the city hall.

CARPENTERS' UNION PICNIC

It was a happy thought when the Carpenters' Union of Glendale decided to hold a picnic at Verdugo park July 4. The carpenters of Glendale are a well-to-do and well-meaning class of men. When they inaugurate any movement or decide to manage any affair for the benefit of the public, everything moves along like clock work.

Citizens of Glendale, Tropico, Casa Verdugo and, in fact, citizens of the entire San Fernando valley, should bear in mind that this picnic is free for everybody. Read the program elsewhere and then come to the park and enjoy Independence Day with the best natured lot of people that ever assembled there.

DINNER AT LA RAMADA

The New York State Society held a dinner and reunion at La Ramada on Wednesday evening. Covers were laid for twenty-five and a fine e-course chicken dinner was served. Pink and white roses from La Ramada gardens were used in profusion as decorations. The guests amused themselves in dancing, games and singing during the evening and united in thanking Mrs. England for an enjoyable dinner and a pleasant evening.

"THE FOURTH"

"Independence Day." What is its meaning? How should we observe it? Not as a day of silly, low and gross carousal, but as a sacred memorial of our country's well-being, a patriotic celebration of the beginning of a new era in national and individual life and racial happiness.

July 4, 1776, marks a new epoch in the ages. It is the turning point for a new series of institutions and nations. To see its force and feel its importance, we need to recall an outline of history. Up to that date the political and religious governments of the nations had run on the line of absolutism and oppression.

The rulers, church and state alike assumed that they were God's appointees and ruled for their own pleasure, that the people existed for the rulers and not the rulers for the people. Hence, they taxed them without representation and ruled without consent.

The rulers lived for their own pleasure and corrupted the people by their bad examples and vile manners and made the people pay their bills.

The south of Europe, Turkey, Greece, Rome, Italy, Spain and France were ruled by civil and ecclesiastical imperialism. The north of Europe led by the Anglo Saxons took the line of freedom and fair play for the people, making the rulers their servants rather than their masters.

For ages their wars were between these two forces. From 1492 to 1600—108 years—Romanism discovered and settled the West Indies, Florida, Darien Mexico, Peru, Chile, Bolivia and New Mexico.

During the next 133 years, from 1600, seventeen settlements were made—fourteen Protestant and three Romanist—Quebec, Maryland and Louisiana.

The Puritans, Pilgrims and other independents settled New England. The Romanists were ever as they are now—absolutists in both civil and church matters. But the spirit and principles of true and vital Christianity pervaded, spread and took possession of both England and America.

The Revolution came and America became an independent nation, the best and greatest Christian and free people and government—taxing with representation and ruling by consent.

Woe will be the day when we forget this and give ourselves to carousing imperialism instead of Christ.

THE MARY HOWARD GRIDLEY SHAKESPEARE CLUB IS FORMED

Last Tuesday afternoon a number of the representative women of Glendale met at the home of Mrs. E. D. Yard, 127 North Maryland avenue, in response to invitations extended by that gracious lady with the idea of forming themselves into a club whose chief aim should be the study of Shakespearean plays.

The club was duly organized and named in honor of its historian, Mrs. Mary Howard Gridley, so well known and beloved by all the women of the Southland.

The ladies had the rare good fortune to secure for their teacher and reader Mrs. Coral Harrison Sloan, one of the foremost exponents of Shakespeare in this country.

Organization plans being completed, work was begun immediately, Mrs. Sloan giving an interpretive recital of the play of Julius Caesar, which was in the nature of a revelation, at once instructive, keen, comprehensive, masterful.

Fortunate indeed those women who shall have the privilege from week to week of hearing these masterpieces of poetry interpreted by this great artiste.

At the close of the reading, delicious refreshments were served by those young ladies assisting the charming hostess.

The membership of this Tuesday section of the Tuesday Afternoon Club present were: Mrs. Frank Grosvenor, chairman, and Mrs. H. R. Boyer, Mrs. Frank Muhleman, Mrs. M. P. Harrison, Mrs. W. E. Edmonds, Mrs. Scott W. Johnson, Mrs. Arthur Brown, Mrs. Ed. L. Payne, Mrs. P. A. Kranz, Mrs. Glenwood Jones, Mrs. Sara Pitcher, Miss Ruth Byram. They were assisted by Mrs. Frederick Baker, vice-president of the club, and Mrs. W. H. Ward, Mrs. F. L. Church, Mrs. D. W. Hunt, Mrs. A. W. Tarr, Mrs. Frank Hester and Mrs. N. Beggs.

LAW OF FALLING BODIES

A falling body, having fallen during one exact second, falls 16.1 feet. At the precise end of the second it has acquired a specific velocity of 32.2 feet per second. This carries it 32.2 feet during the second second, and this added to 16.1 feet equals 48.3 feet distance fallen during the two seconds. And at the exact end of the second second the acquired velocity is 64.4 feet per second, and so on.—New York American.

BOYS RETURN FROM LONG HIKE

About ten days ago Harold Latter, Willard Learned, Hanson Garrett and Edwin Heacock, all of Glendale and Tropico, left La Crescenta, where the Rev. E. E. Frances had taken them in his machine, for a "hike" over the hills as far as the Great Bear lake. Their destination was not quite reached, however a splendid outing was enjoyed by these young lads, who made on the average of twenty miles a day and visited Coldbrook camp, Crystal lake, Barley Flats enroute; also many other points, including Switzer's camp, where their knapsacks were weighed and found to contain 38 pounds of provisions.

The four boys returned from their travels at 3 o'clock this morning and while they were a little more than a wee bit tired, all proclaimed their outing the best in the land.

HOUSEWIFE'S SETS

Several sets of matching caps and aprons are a positive necessity to the young housekeeper who does her own cooking and answers her own doorbell. The cap looks best when made in Dutch style with wings above the ears, as that sort perfectly protects the most elaborate of coiffures and bears not the faintest resemblance to the conventional housemaid headgear. But, of course, the main thing is to adopt the style of cap which best becomes the individual young housewife.

PREVALENCE OF BLACKMAIL

When man of wealth receives a letter ordering him to deposit \$5000 under a certain stone, else his house will be burned or he will be shot, he naturally feels disturbed. Formerly in a good many cases he gave up the money. This stale trick has been exposed so often that now he knows that quite likely it is the work of boys, even though the dirty, threatening scrawl, with its skull and cross bones, may have an ugly look.

Most cases of this kind are nowadays put into the hands of the police. In this way the recent plots to extort \$10,000 from the Cunard Steamship company and \$35,000 from the New Haven railroad were promptly uncovered.

But there are still plenty of human reptiles, who in this way live in comfort and idleness by preying on the industrious. In the larger cities every Italian who accumulates a little nest egg from early and late toll at his fruit stand, may be the victim of the slimy lizards of the Mafia and Camorra.

A gang of horse poisoners flourish in all the large cities, the existence of which is a revelation of the cowardice of business men. These vul-

tures in New York City alone collect \$100 a month each from 500 stable keepers. The horsemen feel it is cheaper and safer to pay, for five hundred horses belonging to non-contributors flop in the streets annually from stealthy doses of arsenic.

Political blackmail still flourishes in half the state legislatures and city councils. Many candidates seek office simply to introduce strike legislation. Like the stable owners of the big cities, public service corporations think it is cheaper and safer to pay than come out in the open and fight. But every time they yield they help further upon our civic life a political Black Hand far more dangerous than anything imported from Sicily.

WHY TAKE CHANCES?

As we have intimated, Los Angeles is determined to immediately force the issue of city and county consolidation. They admit that it is the best way to arrange the aqueduct water business, as well as the great civic center building project—for Los Angeles. They now state that incorporated cities outside of Los Angeles may "consent" to the consolidation; but the amendment will provide that only a majority vote, in

stead of the present two-thirds vote, will be necessary! Again they say that only such Los Angeles indebtedness as shall be specified on the ballot shall be assumed by the territory that joins the big city and our debts can be paid out of the common fund.

They don't specify how much of the back debts of Los Angeles city we must help pay; nor exactly how we can afford to pay them; or the bonded debt of Pasadena, Alhambra, etc. This whole idea of Los Angeles for city and county consolidation is a new and untried proposition. If it is such a good thing, why has it not been inaugurated somewhere else in these great United States? And the suburban cities and communities of Los Angeles county are doing very well and have not asked for this great change. It seems to be largely a Los Angeles city proposition, which they expect the most desirable suburban sections to consent to and they seem to be in a hurry about it. It strikes us that suburban cities and sections should look well into this business before they have anything to do with city and county consolidation. We cannot afford to take any chances. Los Angeles will send out men at once with initiative petitions, which must receive a certain number

of signatures in order to get the city and county consolidation amendment on the ballot for the fall election. Our advice is—don't sign them.—Burbank Review.

TO PROTECT ANIMALS MEANS TO BENEFIT MANKIND

(Translated from the German, as published by the S. P. C. A. of Mainz, Germany, Mainzer Tierschutzverein, by I. Theo. Arntz, Jr.)

1. The animals are creatures of God, given you for your pleasure and service. You shall thank God for his wisdom and kindness and learn to know better and appreciate more the usefulness of the animals.

2. Without absolute necessity, you shall cause no suffering to any animal, for it feels pain just as much as you do.

3. You may kill animals when you need them for your nutriment or when they are harmful to you, but you shall kill them as promptly and with as little suffering as possible.

4. You shall feed your domestic animals and care for them, because they are your useful servants and you shall not keep any animal that you cannot feed properly.

5. You shall not submit draft ani-

mals to excessive exertion nor torture them by teasing, beating or allowing them to stand exposed to heat or cold, and you shall demand from them nothing beyond the measure of their strength.

6. When you must punish an animal, you shall not do so in violent anger or passion, for it does not willingly fall towards you, but follows its instinct.

7. You shall neither catch nor kill the gentle and useful song birds, nor rob their nests; that is unjust before God and man.

8. As much as lies within your power, you shall alleviate the sufferings of sick and injured animals.

9. When you see that others needlessly torture animals, you shall admonish and check them.

10. Also in regard to animals you shall never forget that you must "do unto others as you would have others do unto you."

HOUSE GUESTS

A hostess should always state in her invitation just how long she wishes a house guest to remain with her. This will be appreciated by the guest for she will then know what clothing to provide for her visit.

WITHOUT ARGUMENT

Some time ago a pretty little baby girl arrived at a happy suburban home and immediately the entire family, including aunts, cousins and mothers-in-law, were busy selecting an appropriate name.

"Harry," joyously cried mother, when the father returned home one evening, "I have decided on a name for the baby. We will call her Gwendolyn."

For a moment the father did a hard piece of thinking. The name Gwendolyn sounded to him like a fire whistle out of tune, but he knew better than to openly oppose mother. Therefore he grew foxy, "Gwendolyn! Gwendolyn!" he musingly replied. "I like that a whole lot, dear. Long before I met you I had a girl named Gwendolyn, and she—"

"Who said anything about Gwendolyn?" icily interjected wifey. "Your hearing must be defective. I said we will call the baby Mary after my mother."—Exchange.

Why You Should Trade
With Home Merchants

For considerable time the merchants of Glendale have been making special inducements to secure and deserve home patronage. They carry clean, high-grade stocks, which they sell at prices really lower than prices asked in the city, if the quality of the merchandise is carefully considered.

Every Glendale merchant is a resident of Glendale and can be found at any time to make good any article of merchandise that might not be satisfactory. He is responsible, and does a legitimate business in order to be a respected citizen in the town

in which he lives, even providing he has no other motives. Outside stores on the other hand never expect to see many "floating customers" again—they catch them once and have a new bunch of "suckers" the next day or next week.

Every citizen of Glendale who wishes to help his own home town and really buy his merchandise to advantage, should patronize home institutions whenever possible.
